

2021

Impact Report

and

OUR VISION FOR THE FUTURE

JANE'S
DUE
PROCESS

In 2021, Jane's Due Process...

celebrated 20 years of helping teens in Texas access abortion care. We also faced some of our biggest challenges to protecting youth reproductive rights yet. JDP expanded to meet the moment, supporting thousands of young Texans as they sought abortion and birth control.

As we look to the future, we know JDP will continue fighting harder than ever to protect & expand teens' reproductive rights.

A QUICK LOOK AT WHAT WE ACCOMPLISHED IN 2021:

RECEIVED

**2,531
calls**

on our
24/7 hotline.

HELPED

**305
Texas
teens**

seeking abortion care
through the judicial
bypass process.

ANSWERED

**2,600+
texts**

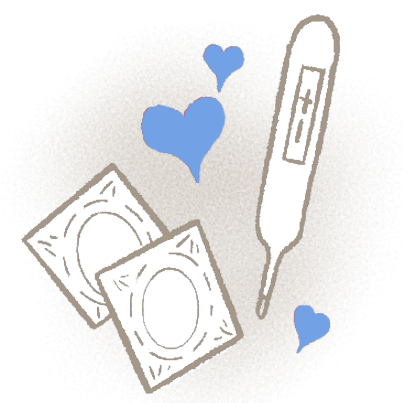

on our hotline from youth seeking
birth control, STI testing, and
navigating a pregnancy scare.

DISTRIBUTED

**380+
repro
kits**

for free — containing pregnancy
tests & emergency contraceptives —
in Austin and Lubbock.

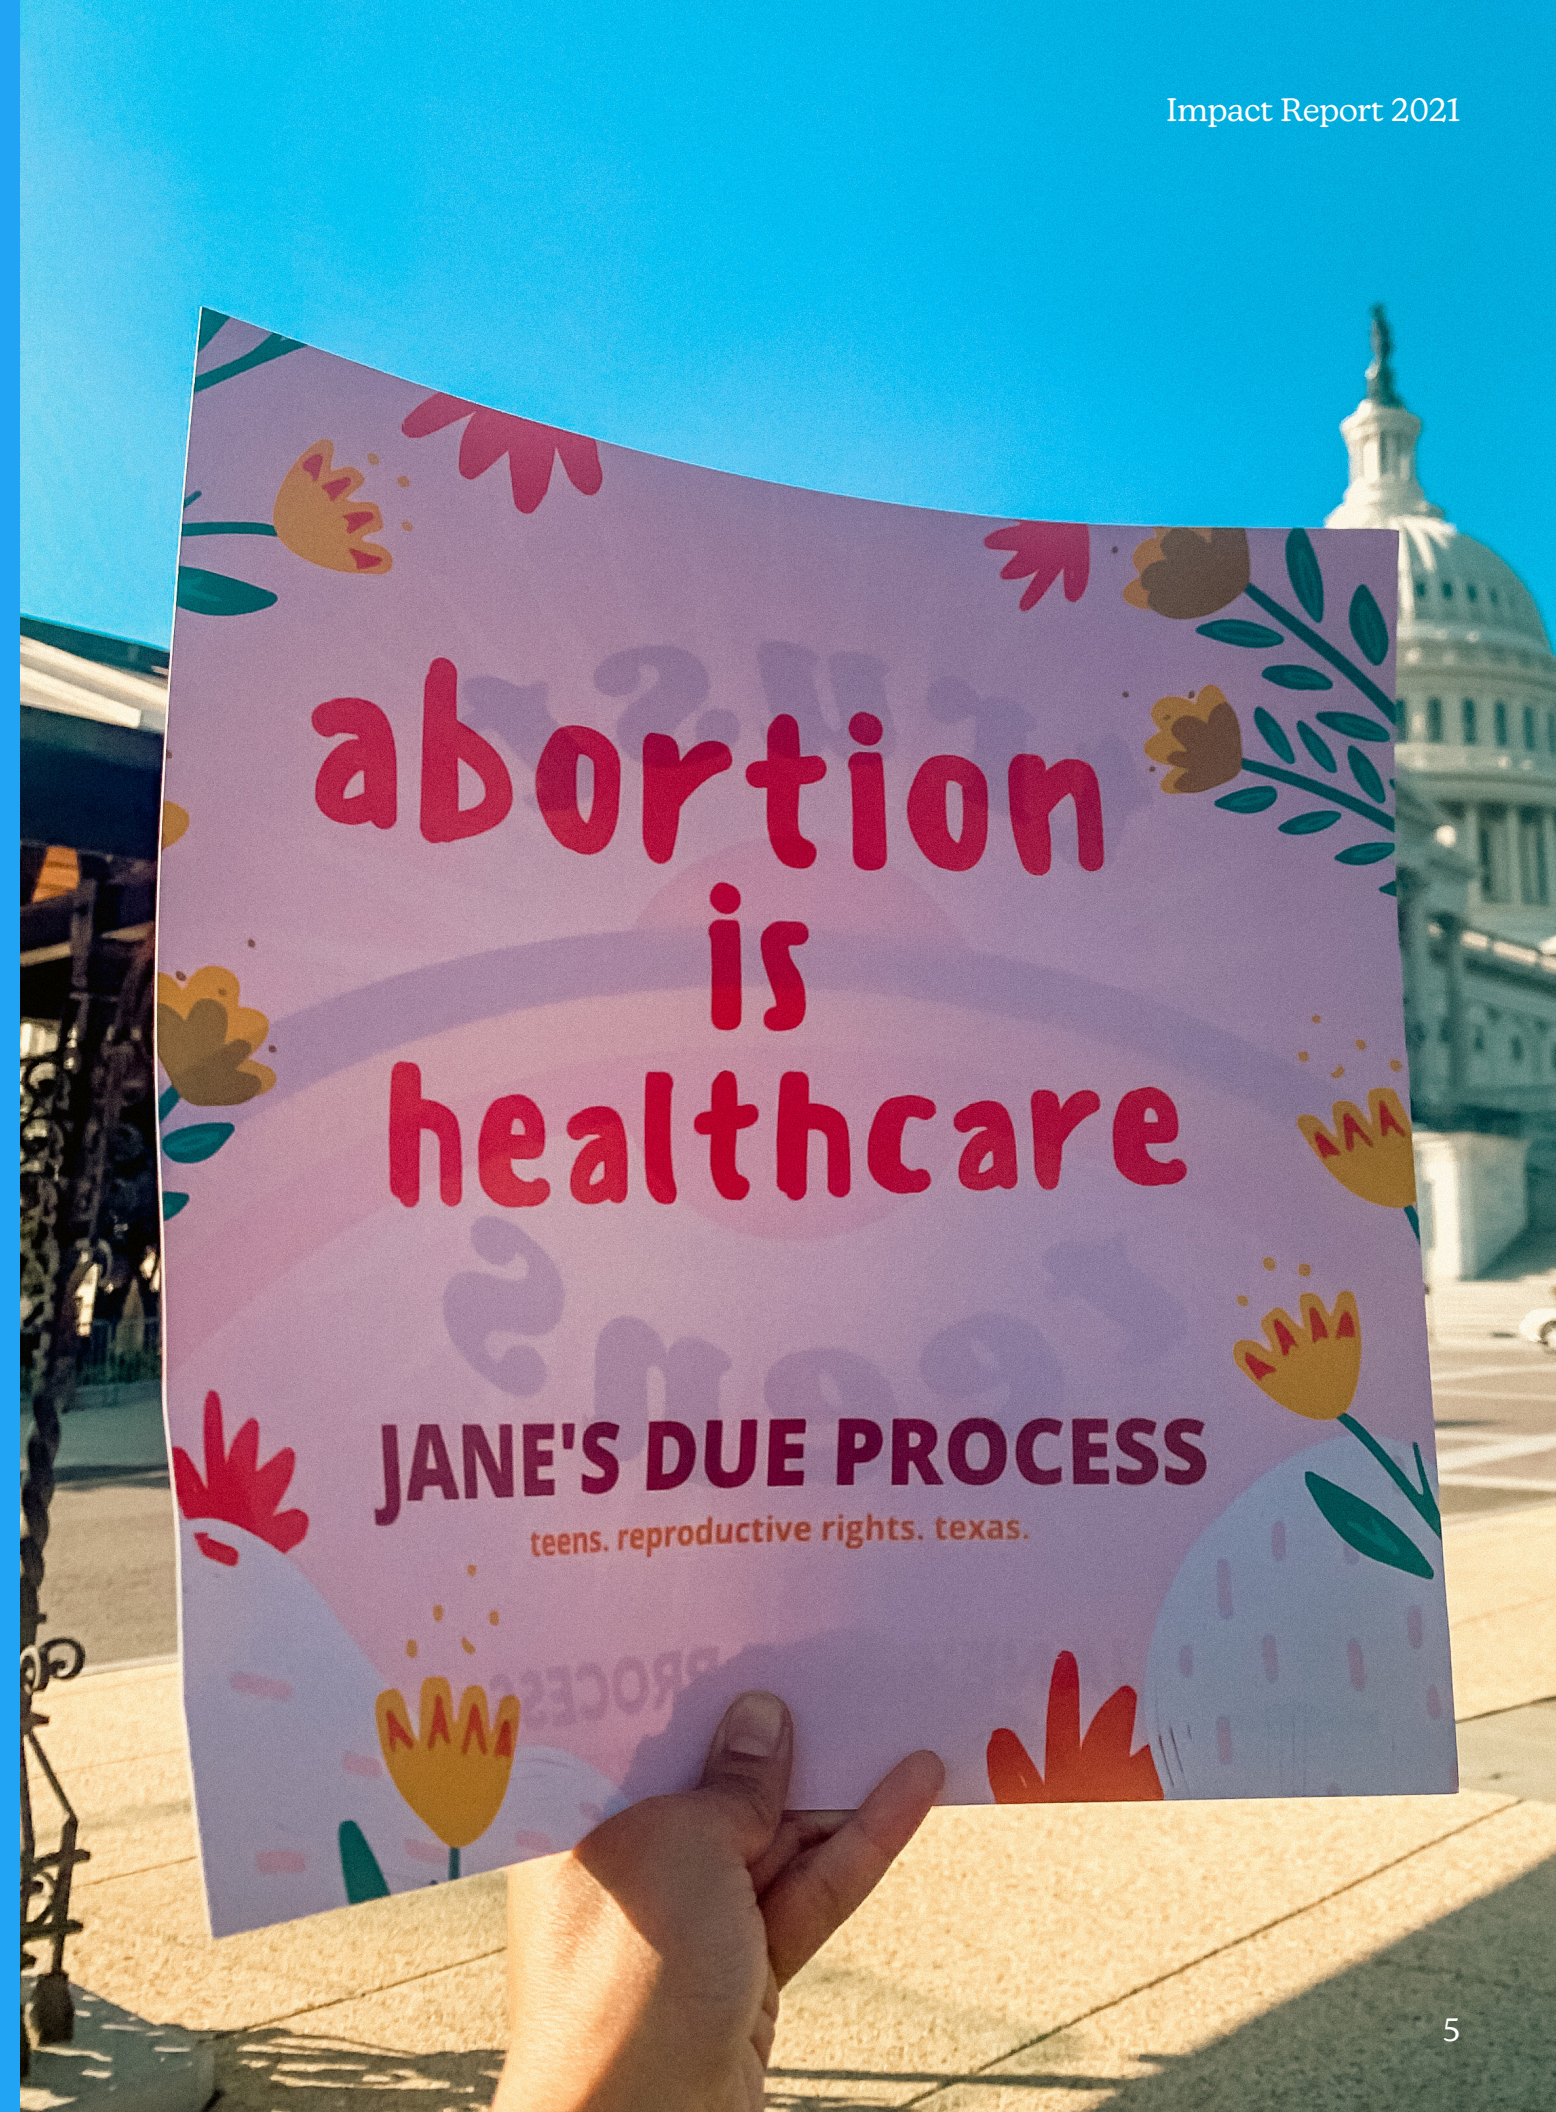

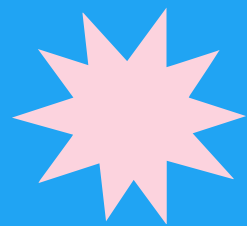

WE ALSO WORKED with a cohort of four former JDP bypass clients who advocated for youth reproductive rights during the Texas legislative session. They advocated for the filing of the *My Body, My Future Act*, a bill that would fully repeal parental consent for birth control in Texas. And when the 6-week abortion ban, SB 8, became law, our youth & staff traveled to Washington, D.C. to demand that Congress and the President take action.

Despite dire threats to reproductive freedom,
our hotline and text line remained open
everyday as a lifeline for teens in Texas seeking confidential access to abortion and birth control.

the
**Future of
Jane's Due
Process**

THIS YEAR, our staff, board, and former clients came together to engage in strategic planning about the future of our work. Together, we developed goals to guide us as we navigate an ever-changing landscape of abortion restrictions. And we made a plan to grow into an organization that is led by values of justice and equity.

**As we move
into the
future,
Jane's Due
Process
will:**

WE PLEDGE TO

Ensure that Jane's Due Process is adaptable to the changes to the local and national reproductive rights landscape.

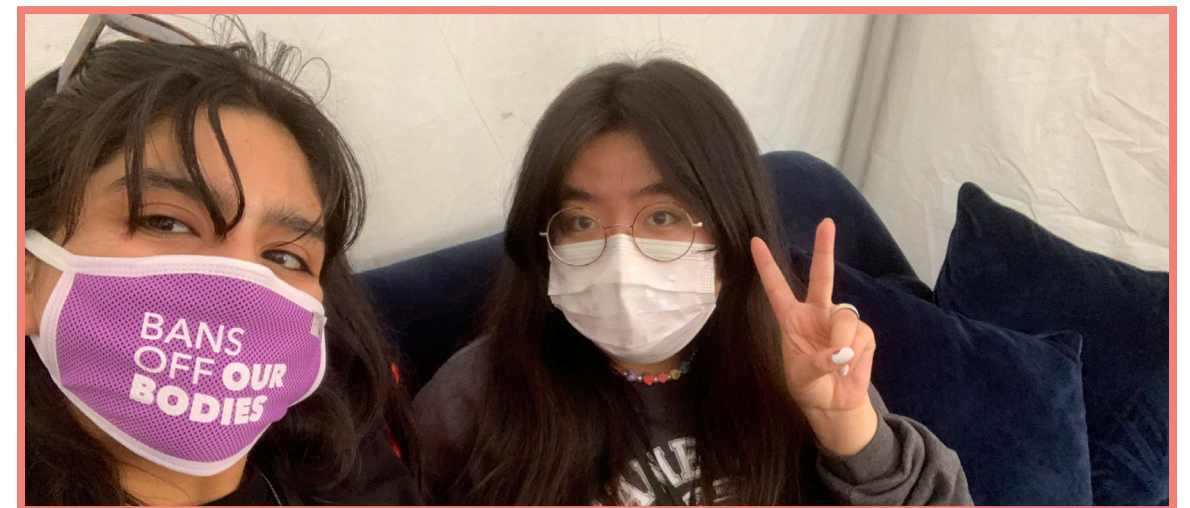

As we saw in 2021, the attacks on reproductive health, rights, and justice are at the worst they have been in almost 50 years. We must ensure that Jane's Due Process is able to meet the emerging needs of young people and help them navigate this uncertain future with compassionate support.

WE PLEDGE TO

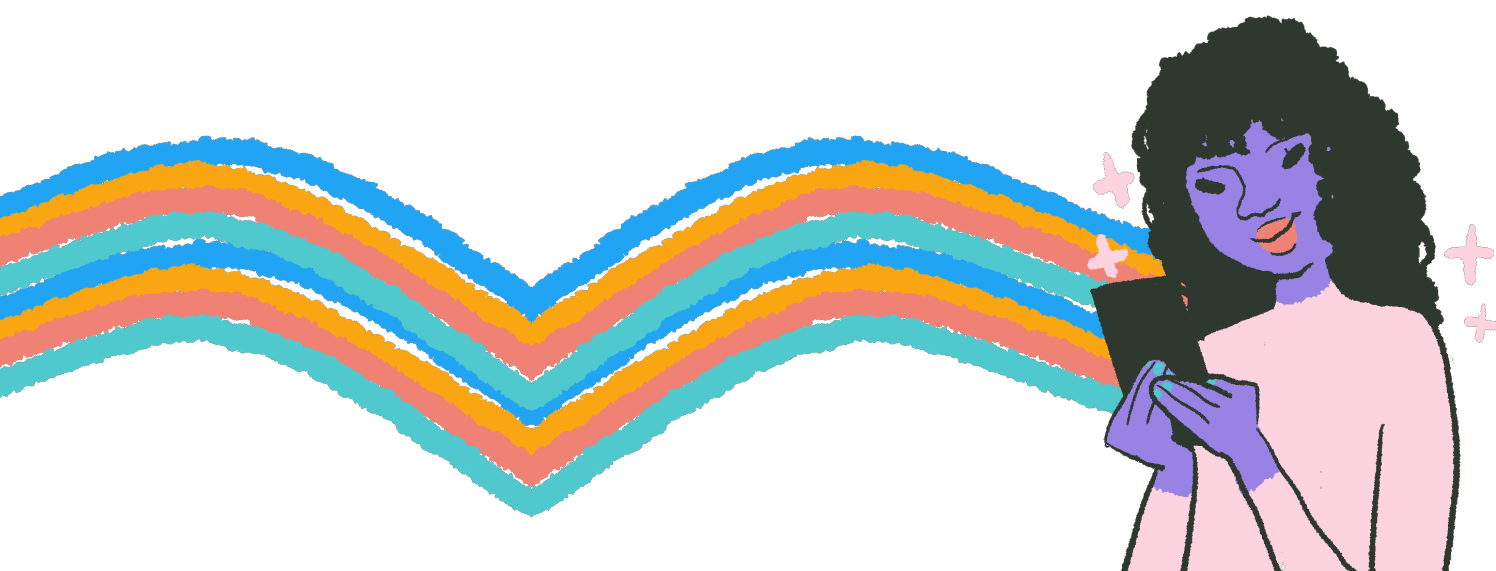

Increase youth bodily autonomy by working to abolish parental involvement laws on sexual and reproductive health.

Jane's Due Process was founded in response to the passage of parental involvement laws designed to prevent teens from exercising their reproductive rights in Texas. We remain committed to providing direct legal and practical support to help teens navigate these laws. But we also dream of a future where **young people have true autonomy** over their reproductive and sexual healthcare decisions. That's why we are committed to repealing the laws that stand in their way.

WE PLEDGE TO

**Expand our work
and outreach to
ensure that all youth
have equitable access
to our resources.**

Jane's Due Process was originally founded to help young people access abortion through the judicial bypass process. Since then, we've expanded our support to include helping teens access birth control, including emergency contraceptives. As we move forward, we will **continue expanding direct services** that help young people exercise their bodily autonomy, including **sex education and supporting pregnant and parenting teens.**

And Texas is huge. We will expand our service area and community partnerships to work in areas of the state where youth have the least access to services. We will improve the language accessibility of our services for ESL (English as a Second Language) youth, And we will improve our digital and in-person outreach to ensure that our services are more equitably accessible across our state.

WE PLEDGE TO

**Recruit and retain
a board, staff, and
volunteer base that
reflects the young people
Jane's Due Process
serves.**

Building leadership in the young people we serve is an essential piece of our commitment to building a future rooted in youth autonomy. Over the past few years we've worked with a cohort of former judicial bypass clients to ensure that youth voices are an integral part of our work. We plan to deepen this commitment by **ensuring that more young people** — especially immigrant, LGBTQIA+, Black, Indigenous, and youth of color — have the ability and support they need to join our board, staff, and volunteer community.

WE PLEDGE TO

Implement an organization-wide strategy that centers racial justice and diversity, equity, and inclusion.

The majority of the teens we serve in Texas live at the intersections of multiple forms of oppression. Systemic racism, xenophobia, ableism, homophobia and economic injustice prevent youth from accessing what they need to live full, free lives. That is why we **commit to engaging** in our daily work through a lens of not only **diversity, equity and inclusion, but also anti-racist principles and practice.**

We know that to truly dismantle systemic barriers, the fight for racial justice must be reflected in our internal policies and organizational structure, as well as the outward work and advocacy we do each day.

THANK YOU

**Your support makes
it possible for us to
support Texas youth
in creating a future
where reproductive
liberation is
possible.**

Jane's Due Process

P.O. Box 685137

Austin, Texas 78768

www.JanesDueProcess.org

This year, more so than ever before, we were deeply grateful for the outpouring of solidarity from our community. As we look to the future, we know we can show up for young people because of your support. Jane's Due Process will ensure that Texas youth don't have to face these seemingly insurmountable barriers alone.
